

PC-801

ADHESION PROMOTER

PC-801 Adhesion Promoter dramatically improves adhesion to all types of surfaces. This product insures the adhesion of material applied directly on top. PC-801 Adhesion Promoter enhances the adhesion, appearance and durability of all types of finishes. This product must be applied over difficult types of plastics such as TPO and polypropylene to insure proper adhesion. When used properly, this product eliminates sanding of plastic replacement parts.
